

**Recordability-First Aid vs Medical Treatment,
And Significant Diagnosed Injury or Illness
1904.7**

Not Recordable

- Visits to a physician or other LHCP solely for observation or counseling.
 - Diagnostic procedures, such as x-rays and blood tests, including the administration of prescription medications solely for diagnostic purposes (e.g., eye drops to dilate pupils).
-

First Aid (All Inclusive) - Not Recordable

- Using **nonprescription medications** at nonprescription strength (for medications available as both prescription and non-prescription drugs. A recommendation by a physician or other licensed health care professional* to use a non-prescription drug at prescription strength is considered medical treatment for recordkeeping purposes).
 - Administering tetanus or diphtheria **immunizations** (other immunizations, such as Hepatitis B vaccine or rabies vaccine, are considered medical treatment).
 - Cleaning, flushing or soaking **wounds on the surface** of the skin.
 - Using **wound coverings** such as bandages, Band-Aids, gauze pads, butterfly bandages, Steri-Strips, etc. (other wound closing devices such as sutures, staples, etc. are considered medical treatment).
 - Using hot or cold **therapy**.
 - Using any **non-rigid means of support** such as elastic bandages, wraps, non-rigid back belts, etc. (devices with rigid stays or other systems designed to immobilize parts of the body are considered medical treatment for recordkeeping purposes).
 - Using **temporary immobilization devices while transporting** an accident victim (e.g. splints, slings, neck collars, back boards, etc.).
 - Drilling of a fingernail or toenail to **relieve pressure**, or **draining fluid** from a blister.
 - Using eye patches.
 - Removing foreign bodies from the eye **using only irrigation or a cotton swab**.
 - **Removing splinters or foreign material from areas other than the eyes** by irrigation, tweezers, cotton swabs or other simple means.
 - Using finger **guards**.
 - Using **non-therapeutic massages** (physical therapy or chiropractic treatment are considered medical treatment for recordkeeping purposes).
 - Drinking **fluids for relief** of heat disorders.
-

Medical Treatment - Recordable

- All treatment that does not fall into first aid as listed above.
 - Using prescription medications or use of a non-prescription drug at prescription strength.
 - Using wound closing devices such as surgical glue, sutures, staples, etc.
 - Using any devices with rigid stays or other systems designed to immobilize parts of the body.
-

Significant Diagnosed Injury or Illness - Recordable

- Any serious or significant work-related disorder that is diagnosed by a physician or other licensed health care provider or identified by a positive medical test. These include work-related cases involving cancer, chronic irreversible disease, a fractured or a cracked bone or a punctured eardrum.
